PROFESSIONAL EXPERIENCE

Tata Consultancy Services | Client: Allianz

March 2025 – May 2026

Senior Process Associate – Life & Annuities Operations

- Managed end-to-end Life & Annuity operations focusing on claims processing, new business applications, and policy administration.
- Provided live underwriting support by validating financial documents, reviewing policy records, and identifying non-standard risks.
- Processed **25–30 transactions daily with 97.5% accuracy**, consistently fulfilling strict **2-hour TAT** SLAs.
- Maintained strict compliance with internal quality controls, audit standards, and operational benchmarks.

Process Associate – Property & Casualty (P&C) Underwriting Operations

- Delivered live underwriting support for commercial P&C risks in the US Excess & Surplus (E&S) market.
- Handled submission clearance, market response clearance, premium bookings, and policy endorsement processing.
- Entered and audited complex policy data across policy administration platforms with zero compliance errors.
- Collaborated with onshore underwriters and brokers to expedite risk clearances and meet daily production targets.

Solartis Technology Services Pvt Ltd

May 2023 – July 2023

Process Associate – Underwriting Support

- Collaborated with underwriters to evaluate policyholder risk profiles and prepare documentation for PCIU processes.
- Reviewed policy files and records to ensure complete data integrity prior to policy issuance.
